RockEDU
SCIENCE OUTREACH

Summer Science Research Program 2027

Important application dates:
Student applications close on **Monday, January 4, 2027 at 5:00pm ET**

Please note that we are unable to make exceptions to these deadline dates. We encourage you to be proactive and to submit your materials as far in advance as possible.

Application Checklist:

- ❏ Please answer **ALL THREE** questions in one document. Remember that there are no right or wrong answers; we just want to hear about what gets you excited about science!

    1. Reflect on how your personal history and identity influence your passion for science. Consider how your background and experiences either inform, support, or challenge your interest in scientific exploration. (~250 words)

    2. How do you envision SSRP contributing to your personal, academic, and/or professional growth? Explain why you believe the SSRP is well-suited for your current stage in life and academic journey. (~250 words)

    3. The SSRP format mirrors the highly collaborative nature of science. In authentic research spaces, scientists work on teams to make discoveries and advance collective knowledge. Reflect on a positive teamwork experience (this can be anywhere–school, sports teams, volunteering, work, etc). Specifically, what did this experience teach you and how may you hope to grow in future teamwork settings? (~250 words)

- ❏ Provide a letter of recommendation (*limit 1*)
- ❏ Provide an unofficial transcript
- ❏ Provide a CV or resume

If for some reason you are unable to provide any of the above documents or materials, please feel free to reach out via email - hsresearch@rockefeller.edu.
